

## The General

As JAHWA's PCR, soft type, which was being developed under this trend of faster speeds, it will show you high electric charge and low noise and doesn't damage to OPC Drum.

In addition, JAHWA's PCR is stable in resistance of surface tube and highly effective against sticking problem on the surface of Drum, comparing with another soft type of PCR's.

JAHWA's PCRs are fully system qualified and environmentally tested to ensure reliability of the consumer's requirements.

## Features

- Superior stable resistance property
- Excellent reliability with OPC drum
- Quick delivery and good counteraction for quality

# PCR & SR

Primary Charge Roller & Supply Roller

## ■ Specifications

Engines	Shaft Length (mm)	Shaft Diameter(mm)	Coating Diameter (mm)
AX/HP1100/HP1200	242	6.0	12.0
BX	332	4.6	13.8
EX	251	6.0	12.0
FX	283	6.0	13.8
LX	240	6.0	12.0
NX	254	6.0	12.0
PX	240	6.0	12.0
VX	242	6.0	12.0
WX/HP8000	340	6.0	13.8
HP4000/HP2100/HP4200	232	6.0	12.0
HP5000/HP8100	354	6.0	14.0

Soft PCR

Supply Roller (Toner Add Roller)
